BIS Updates Boycott Requester List

WASHINGTON, D.C. – Today, the Department of Commerce’s Bureau of Industry and Security (BIS) published its first quarterly update of the boycott Requester List. This list notifies companies, financial institutions, freight forwarders, individuals, and other U.S. persons of potential sources of certain boycott-related requests they may receive during the regular course of business.

The updated public list of entities who have been identified as having made a boycott-related request in reports received by BIS includes 57 additions. BIS has also removed 127 entities. The list is posted on the Office of Antiboycott Compliance (OAC) webpage [link](#) with the objective of helping U.S. persons comply with the reporting requirements of the antiboycott regulations set forth in Part 760 of the Export Administration Regulations (EAR), 15 CFR Parts 730-774.

“In its first three months of existence, the boycott Requester List has enabled numerous U.S. companies to identify potential sources of reportable boycott-related requests, and today’s update will further support these compliance efforts,” said **Assistant Secretary for Export Enforcement Matthew S. Axelrod**. “At the same time, by publicly highlighting those making boycott-related requests, our actions have encouraged foreign companies to reconsider their active support of boycotts.”

Each entity on this list has been recently reported to BIS on a boycott request report form, as required by Section 760.5 of the EAR, as having made a boycott-related request in connection with a transaction in the interstate or foreign commerce of the United States. Those added to today’s updated list, which is not exhaustive, have been identified on the Requester List with “June 2024” in column C. A total of 127 parties have also been removed from the Requester List. BIS removed these parties, identified below, after being made aware that U.S. persons had misidentified a foreign party as having made a reportable boycott request or because the foreign party removed boycott language in transaction documents with U.S. entities. If you believe that you have been listed in error or would like to discuss a listing, please [contact](#) OAC.

U.S. persons are encouraged to diligently review transaction documents from all sources, but especially transaction documents with or involving these listed parties – given that they have been identified by others as a source of boycott-related requests – to identify possible boycott-related language and to determine whether U.S.-person recipients have a reporting requirement to BIS pursuant to Part 760 of the EAR. The boycott request reporting form can be found [here](#).

Additional Information:

The antiboycott provisions set forth in Part 760 of the EAR discourage, and in certain circumstances prohibit, U.S. persons from taking certain actions in furtherance or support of a boycott maintained by a foreign country against a country friendly to the United States (an unsanctioned foreign boycott).

In addition, U.S. persons must report to OAC their receipt of certain boycott-related requests. Reports may be filed electronically or by mail on form BIS-621P for single transactions or on form BIS-6051P for multiple transactions involving boycott requests received in the same calendar quarter. U.S. persons located in the United States must postmark or electronically date stamp their reports by the last day of the month following the calendar quarter in which the underlying request was received. For U.S. persons located outside the United States, the postmark or date stamp deadline is the last day of the second month following the calendar quarter in which the request was received. Forms for both electronic transmission and mail submission may be accessed from the [forms request page](#).

Pursuant to Section 764.8 of the EAR, a party may submit a voluntary self-disclosure if it believes that it may have violated Parts 760 or Part 762 of the EAR.

For information regarding the application of the antiboycott regulations, please contact the OAC Advice Line at (202) 482-2381 or through the [online portal](#).
